

Workplace Health and Safety

Minimise risk – help keep your workplace safe - ensure your staff are WHS compliant!

The ELP Australia (ELP) Workplace Health and Safety Induction course has been designed by health and safety experts to provide fast, inexpensive, consistent, measurable WHS training that will reduce injuries, improve the safety culture in your organization and fulfill legal WHS legal requirements.

Check our demo to experience a sample of our leading edge training and call us for a quote now!

ELP provides an effective WHS solution that:

- Is inexpensive – no need for trainers or large training budgets
- Minimises downtime – no need for staff to go anywhere, training can be done at their desks
- Is up to date with current Australia WHS legislation
- Delivers courses online – staff can access training from work or home at any time
- Records results and provides reports at completion of training as evidence of compliance

Why eLearning - why not attend classes?

- Inexpensive training
- Reduced training time
- Easy-to-use and effective training
- Guaranteed expert training that is consistent and professional
- Flexible, convenient delivery anywhere, anytime
